# ISLAND SINGLE MOTORIZED

It's time to play at CHUKKA Ocean Outpost, Seville, Jamaica, with nature adventures in the midst of one of the island's most intriguing archeological sites. Gear up, hop in your ATV and prepare for a unique and exciting ride through the rugged dirt tracks of this 16th century Spanish colonial settlement and 17th century British plantation. Your knowledgeable guide will point out a collection of artifacts representing various aspects of Taino, African, and European life. Continue to the coast with stunning ocean views and take a moment to let our photographers capture this perfect photo op. Seville offers many surprises; there's even a picturesque blue lagoon to explore. Will you take the leap? Experience an invigorating jump from the diving platform into this crystal clear natural wonder.

**Damage to the ATV as a result of user error will be the responsibility of the driver. See details in the waiver.**

## THINGS TO TAKE
