BUDDY JR.

BUDDY JR.

This harmless, loveable, accident prone, puffy, tub-thumper often finds himself in awkward and humorous situations despite his good intentions. He may be as sharp as a bowling ball, and just about as round, but when he gets his hands on his light-up drumsticks... its CRASH-BAM-BOOM, Wild Thing Time! This stocky wild man seems to always be the last one to 'get the joke', and certainly not the brightest bulb on the marquee, but he is a fan favorite and a true friend. He's just a little dizzy from all those years of 'head banging'. When not playing the drums, he loves the beach and is an excellent surfer.

RAZZI

She is the cheerful friend that brightens everyone's day. She loves being silly with her friends and caring for animals. She is the 'motherly type' of the Hard Rock Roxtars band. Always with a positive word of encouragement, she is famous for her super squishy hugs. She loves the outdoors, nature and clouds... especially the fluffy ones. She also likes to cook, arts and craft projects, and spends time in her garden with the flowers and butterflies.

STYLER

A true non-conformist, this alternative, rebel girl is certainly not afraid to be herself. She is the heart and soul of the

SIR KINGSTON

SKIDDLEY

Hard Rock Roxtars band. She uses her natural ability and love of writing poetry to write all of the Hard Rock Roxtars music and songs. She is strongly independent, yet still very much part of the Hard Rock Roxtars band identity. She enjoys writing in her journal, setting fashion trends, and shopping.

SIR KINGSTON

This small British chap conducts himself in a humble and gracious manner. Although, he has been known to "lose it" when he runs out of his favorite chew, Yummy-Yummy Bubble Gummy. He may be the smallest of the Hard Rock Roxtars band, but he can certainly hold his own when it comes to rock 'n' roll. Known for his show stopping guitar jams, he also enjoys riding his motorcycle.

SKIDDLEY

Lead singer and founder of the Hard Rock Roxtars band. Rockin' his signature shades, this quick witted, smooth talking bachelor has played numerous sold out arenas, but still finds it a little embarrassing when he makes the cover of the trendy Teeny-Bop magazine. He is "Mister Cool" and can do most things well, but with great humility and never boastful. He loves playing sports, x-games, riding his skateboard, but can also be found fishing down at the 'ol pond.
